2nd BASIC PRINCIPLES IN ONCOLOGY COURSE
Bucharest - ROMANIA
22-09-2023
23-09-2023

Chairs: A. Eniu, CH – R. Anghel, RO

European School of Oncology
Bucharest ROMANIA

ESO is proposing a comprehensive course for oncology trainees in Europe intended to bridge the gap between ESO's student courses and renowned masterclasses. The course aims to provide orientation towards the guiding principles of multidisciplinary oncological management and life as a modern oncologist.

The course is divided into 2 parts:

Part 1: participants will be asked to view pre-recorded lectures which were recorded during the 1st edition of the course in Ljubljana, Slovenia in 2022 and will be made available on the e-Eso website.

Part 2: in-person event

Ideal candidate:
1-3 years oncology training

Participation is on selection only: send your application on www.eso.net by **02 JULY 2023!**
